Rector's Instruction No. 5/2026 (IX. 09)
On the educational break ordered for October 9, 2026

Pursuant to the authorization set forth in Article 20, Paragraphs (7) and (8) of the Study and Examination Regulations of Moholy-Nagy University of Art and Design (hereinafter: the University), concerning the scheduling of the academic year and the educational order of the University, in order to support the implementation of the undergraduate open day to be held on October 9, 2026, I hereby issue the following directive.

Purpose of the Directive

Section 1

(1) The purpose of this directive is to determine the operational order of the University for October 9, 2026, in connection with the organization of the undergraduate open day.

Ordering of an Educational Break

Section 2

(1) The Rector of the University hereby orders an educational (Rector's) break for Friday, October 9, 2026.
(2) The day of October 9, 2026, shall qualify as an educational break in the academic schedule. As a general rule, no classes, course sessions, consultations, assessments, or other regular educational sessions serving the fulfilment of students' study obligations may be held on this day. The affected educational organizational units are obliged to ensure that the educational break does not compromise the fulfilment of the approved curricular and subject requirements, by coordinating educational occasions and deadlines if necessary.
(3) The educational break does not in itself constitute an automatic exemption from the obligation to work. The affected employees are obliged to perform work according to their work schedule, job responsibilities, and the instructions of their supervising manager, with particular regard to activities related to the execution of the open day. Exemption from the obligation to work may be stipulated separately by the person exercising employer's rights.

Final Provisions

Section 3

(1) This directive shall enter into force on the day of its publication. The directive must be published on the internal information platform of the University, and the information of students must be ensured on the University's website as well as in the electronic study administration system.

(2) The personal scope of this directive covers all students of the University, the educational organizational units and individuals directly or indirectly participating in education, training, and related tasks, as well as all organizational units and employees of the University within the framework arising from their employment relationship and job duties.
