COMFORT

The main issue with Mol Bubi bikes today is the lack of comfort which Chymera strives to mitigate

The suspension system allows for a smooth ride, and the automatically adjustable seating through profiles allows the users to consistently use the bike with ease.

Steering Torque Braking Suspension pedals Stealing

VERSAYILITY

Ride together with friends and loved ones.

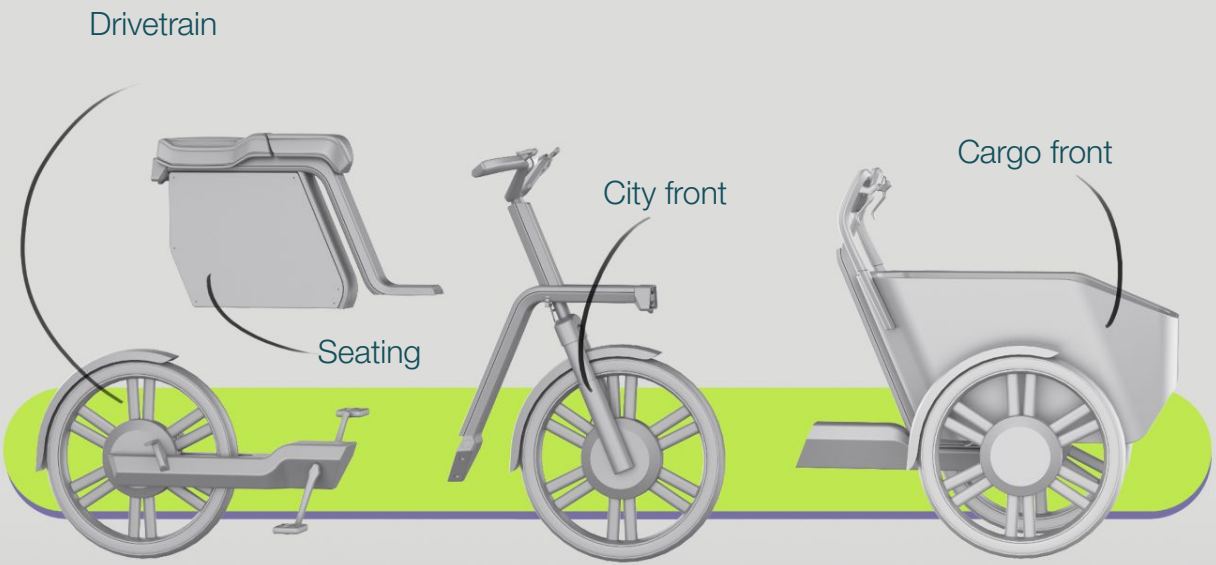

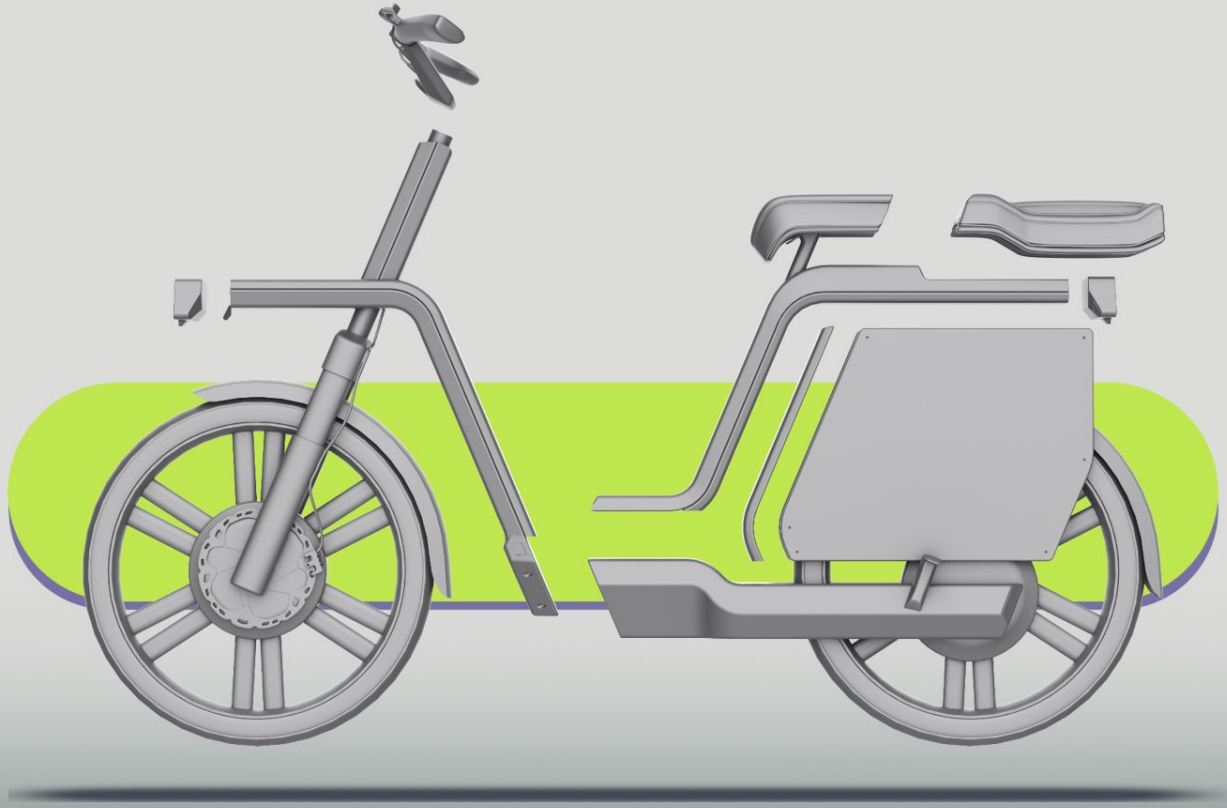

Take home the groceries and the whole family.

MAINTAINABILITY

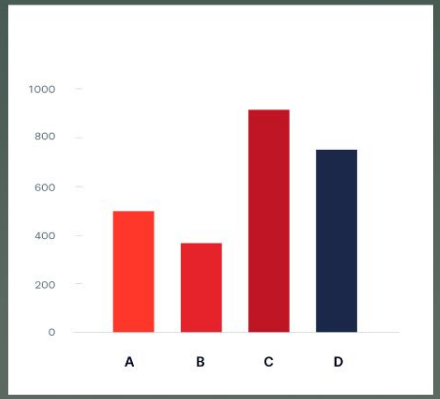

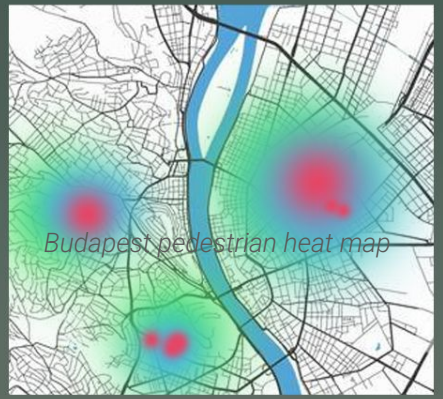

Minimize long term maintenance
Simplified three-piece frame structure.
